

PROJECT START

277,260€

Milestone 1
Month/year

Milestone 2
Month/year

Milestone 3
Month/year

Future goal 1
Month/Year

Future goal 2
Month/Year

CHALLENGE

- Why isn't additive manufacturing used more in Finnish and Austrian industries?

SOLUTION

- Interviews with relevant stakeholders, content analysis, and upskilling opportunities

BENEFITS

- Increased competitiveness of European manufacturing companies due to increased AM usage

MAIN PROJECT RESULTS

100s
UPSILLED
ENGINEERS BY 2025

8 NUGGETS
PRODUCED IN
2021

4
WORKSHOPS HELD IN
2021

“Thanks to EIT, we were able to conduct interview studies and identify the knowledge gaps”
