Curriculum Vitae

Dr. Hans Jörg Stotz is speaker of the managing board of Festo Didactic SE, a leading provider of solutions in the field of technical education and training since October 2018. He is responsible for strategy, product- and service-development as well as production, training and human resources. His current focus is on the impact of digitization on technical professions, in particular learning needs and solutions for Industry 4.0, sustainability and energy efficiency. His work centers around the evolution of didactic approaches and competence profiles for the “Future of Work”.

Dr. Stotz serves as the German lead of the US-German workgroup on technical education & training and German Lead Expert of the Sino-German working groups on Future of Work for the Plattform Industry 4.0 of the German Government. He is member of Advanced Manufacturing platform of the World Economic Forum. Since 2017, he is member of the board of trustees of the Fraunhofer Center for International Management and Knowledge Economy.

Before joining Festo Didactic, Dr. Hans Jörg Stotz was working with SAP in several executive positions. In his last role as SVP Strategy & Innovation for Digital Supply Chain & Manufacturing division, he held the Sherpa role for SAP in the Plattform Industry 4.0 and the Alliance Industrie 4.0 of Baden-Württemberg.
