

PROJECT START

Maintenance Scenario
05/2021

Learning Needs
06/2021

Didactics
07/2021

Learning Nuggets
10/2021

Trainings
11/2021

Closure
12/2021

CHALLENGE

- Digitalisation disrupts Industrial Maintenance
- Physical Assistance Systems are introduced
- Skill mismatches emerge

SOLUTION

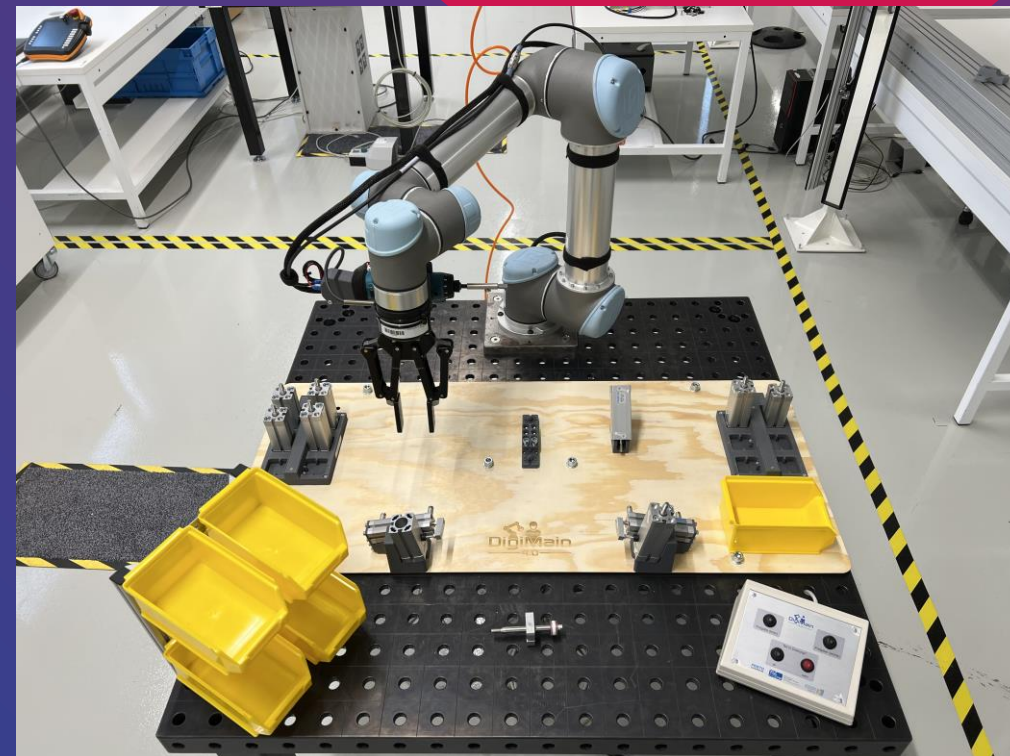

Establish training opportunities for maintenance staff and future maintenance staff for sharing tasks with a collaborative robot

BENEFITS

- Closing skill mismatches in maintenance
- Enabling maintenance operators to work with cobots to perform maintenance tasks

Cobot Demonstrator

MAIN PROJECT RESULTS

E-Learning Content in English and German
2 Cobot-Demonstrators for Hands-On Learning
