

PROJECT START

137.900 €
EIT Funding

RfP launch
04/2021

Platform development
start
06/2021

Go-live (community)
08/2021

Pilots completion
12/2021

CHALLENGE

Current and coming manufacturing workforce needs to be upskilled and reskilled to adapt quickly to the emerging industrial trends

SOLUTION

Skills.move is a learning platform that helps manufacturing industry to close the skill gap remaining competitive in this fast moving technological industry

BENEFITS

- In line with real industry needs
- 100% manufacturing industry focus
- Includes engaging - hands-on modules
- Skills and competencies driven

MAIN PROJECT RESULTS

NEW LEARNING
PLATFORM
LAUNCHED

48 PROJECTS
INVOLVED

500 LEARNING LESSONS
DEVELOPED

“ Thanks to EIT we were able to develop a learning platform 100% focused on manufacturing ”

LINDA FERRO

Digital Learning Manager in EIT
Manufacturing

MAIN PRODUCT

Skills.move – EIT Manufacturing learning platform
