EIT Manufacturing

EIT Manufacturing (KIC) is focused on promoting entrepreneurship, innovation, and education in the domain of Manufacturing. EIT Manufacturing brings together leading organisations along the entire value chain from smaller companies to larger industry, excellent academic and research institutions, as well as public sector organisations, to promote the transformation of manufacturing towards the digital economy, towards the circular economy and the decarbonization of industry, by leveraging enabling technologies, removing barriers to innovation, promoting talent and education.

EIT Manufacturing started its operations in 2020. Through open Calls for Proposals and selection processes based on peer review by independent expert evaluators, we select and fund activities in the areas of Innovation, Education, Business Creation and Regional Innovation Scheme (RIS) that add value and contribute in the achievement of our Strategic Objectives.

EIT Manufacturing is launching an Open Call for Experts for updating our database of independent expert evaluators that are involved in the peer review evaluations of activity proposals submitted in the context of our Calls for Proposals.

We are looking for highly qualified Experts to support EIT Manufacturing in selecting the proposals with the highest potential to grow Manufacturing in Europe.

Through our updated database, we will extend invitations to selected Experts to support EIT Manufacturing in the assessment of the proposals to be received in our currently open Call for Proposals 2023 as well as our future Calls for Proposals.

The **due date for applications** of Experts that are interested to be involved in the evaluation of proposals addressing the currently open **Call for Proposals 2023** is the **22nd of April 2022**.

Your role

As an expert, you are expected to be highly skilled & experienced in the domain of Manufacturing. If selected to support EIT Manufacturing in the context of a Call for Proposals, you will be in charge of reviewing and assessing proposals submitted by consortia of European organizations.

Following your application:

- Our teams will review the profile submitted (please make sure you are exhaustive in the information provided)
- If you are selected, you will be invited to participate as an Expert evaluator in the context of the specific Call for Proposals, together with further details on the context and timing of the evaluation process
- If you accept the invitation, you will be requested to sign a cooperation agreement, including a confidentiality and conflict of interest declaration, and you will be invited for a briefing meeting: presentation of the Call for proposals, guidelines for the review etc.
- You will receive a number of proposals to be reviewed, by filling up an evaluation report
- You will be invited to attend a consensus meeting with other Experts to discuss about the final evaluation, scoring and ranking of the proposals

The tasks will be performed 100% remotely.

To make sure you are the Expert we are looking for you should have :

- Work permit in EU or EU citizen;
- A Master degree or equivalent (engineering degree preferably);
- A strong experience in Manufacturing;
- Fluent in English;
- Academic, researcher, business and investor profiles are eligible;
- A minimum of 10 years of professional activities.

EIT Manufacturing values diversity and welcomes applications from all suitably qualified candidates regardless of age, gender, race, disability, sexual orientation, religion or ethnic background.

You want to be part of it ? Then submit your expression of interest [Here!](#)

Compensation

The financial compensation is predefined by the table below to cover the effort of the Expert.

Each expert will have to provide prior to the payment for the service provided :

- A signed declaration of attendance and/or a signature of the minutes for the consensus meeting;
- The evaluation of each proposal and/or report per proposal when applicable;
- An invoice to EIT Manufacturing, 2 Boulevard Thomas Gobert, 91120, Palaiseau, France.

Consensus meeting - full day	Active participation in the final meeting for the final review of the proposals. <i>Final decision for the ranking of the proposals, individual presentation of the findings per experts, and consensus on a scoring</i>	300
Due Diligence (incl. Written report)	Review and analysis of the documents provided and preparation of a written report to qualify the opportunity <i>Redaction of a written report, including analysis of the business, recommendations, strenghts and weakness, risks on the market</i>	1100
Jury evaluation	Participation as a juror during an event (attendance of the event and evaluation report) <i>Assesment of pitch/presentation, incl. Final review and final scoring for the winner(s)</i>	300

Confidentiality

Confidential Information means any data and information, such as but not limited to proposal / technical/financial and/or commercial information that EIT Manufacturing, its Affiliates or representatives may disclose directly or indirectly, whether in writing or any other form, to the Expert for the performance of the Services of evaluating submissions to Calls for proposals. Confidential information will not be considered any information that (i) was known publicly at the moment of the Expert's appointment or (ii) becomes known publicly through no action or fault of the Expert.

The expert will also treat as confidential and process any personal data contained in the information provided by EIT Manufacturing in accordance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).

During the period beginning on the Effective Date of the services contract signed by the Expert and the EIT Manufacturing and continuing for a period of five (5) years thereafter (the "Confidentiality Period"), The Expert agrees not to: (i) use EIT Manufacturing's Confidential Information for any purpose other than for the Service; and (ii) disclose EIT Manufacturing' Confidential Information to any third party. The Expert also agrees to destroy or return any information received from EIT Manufacturing during the performance of the Services, unless and to the extent that is required by law.

Each expert will have to sign the following declaration by entering into contractual relationship with EIT Manufacturing:

Declaration of confidentiality:

- I will treat confidentially any information and documents, in any form (i.e. paper or electronic), disclosed in writing or orally in relation to the proposed assignment and/or the performance of the contract, and process any personal data in accordance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).
- I am fully aware of my obligations, inter alia in terms of confidentiality and personal data protection arising from my appointment as an expert by EIT Manufacturing.
- I will undertake to observe strict confidentiality in relation to my services as follows:
 - I will not use or disclose, directly or indirectly, confidential information or documents for any purpose other than fulfilling my obligations under the contract without prior written approval from EIT Manufacturing;
 - I will not discuss my work with others, including other experts or staff not directly involved in the evaluation process;
 - I will not communicate outside EIT Manufacturing any confidential information that is revealed to me or that I have discovered. I will not make any adverse use of information given to me.

I shall continue to be bound by these undertakings after completion of my services unless this disclosure of confidential information is required by law.

- If material/documents/reports/deliverables are made available to me either on paper or electronically, I agree to be held personally responsible for maintaining the confidentiality of the documents or electronic files sent and for returning, erasing or destroying all confidential documents or files on completing my services as instructed.

Conflict of interests

As an Expert you have to be independent and without any direct or indirect linkage to any organization participating in the Call for Proposals which you are evaluating in order to ensure the equal and fair treatment of each proposal submitted. More specifically, you have to avoid any circumstance that will put you in a conflict of interest. A conflict of interests exists pursuant to Article 61 FR where the impartial and objective exercise of the functions of an expert, is compromised for reasons involving family, emotional life, political or national affinity, economic interest or any other direct or indirect personal interest.

Each expert will have to sign the following declaration by entering into contractual relationship with EIT Manufacturing:

Declaration of no conflict of interest:

- I do not have any conflict of interest in the meaning of para. 3 Article 61 FR¹, personal or professional, that may negatively affect my evaluation and assessment regarding the submissions for the Call for proposals for which I am providing my services.
- I undertake to inform EIT Manufacturing immediately if I discover any potential conflict of interest at any stage of the evaluation procedure for the Call for proposals. In such a case, I will immediately abstain from participating further in the evaluation process and ask for my replacement.

¹ Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council of 18 July 2018 on the financial rules applicable to the general budget of the Union, amending Regulations (EU) No 1296/2013, (EU) No 1301/2013, (EU) No 1303/2013, (EU) No 1304/2013, (EU) No 1309/2013, (EU) No 1316/2013, (EU) No 223/2014, (EU) No 283/2014, and Decision No 541/2014/EU and repealing Regulation (EU, Euratom) No 966/2012

Data privacy

The EIT Manufacturing processes the personal data submitted by the applicants as part of the application (names, CVs, professional experience, declarations, addresses, etc.), in any submitted supporting document at any stage in the selection process of the experts and communication related thereto. The purpose of this processing operation is to assess the suitability of candidates as experts for evaluating submissions for Call for proposals and to administer the documentation related to the selection and the appointment as experts, if selected. This includes also the processing of the submitted data for related administrative aspects, such as e.g. payments, reimbursements, etc.

During this processing, the personal data will be made available to selected staff working on the specific Calls for proposals, to Finance department, and to the Legal Service. Further, it will be made accessible to the members of the Team who will select the experts working for EIT Manufacturing or its subsidiaries. Lastly, it may also be shared with other parties in the context and purpose of audits, inspections and internal investigations, be they internal or by supervisory authorities (for example EIT).

The personal data collected for this purpose will be stored for no longer than 5 (five) years following the financial discharge for the year in which the selection was finalized, in order to comply with audit obligations, unless ongoing legal proceedings, investigations or audits require their continued storage. Where the process led to the selection of an applicant, some of the documentation and personal data contained therein will be carried over into the database for experts which is available to EIT Manufacturing personnel working on Call for proposals.

The processing is necessary to select applicants suitable to provide expert consulting to the EIT Manufacturing and to therefore enable it to perform its tasks. The legal basis being implemented and binding on the EIT MANUFACTURING's selection process of experts is your consent through the application process and the execution and management of contracts we might have with you if selected and appointed. The applicable legal framework for data protection purposes for this processing of personal data is Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation) and the French data protection act (Loi informatique et libertés).

The applicant has the right at any time to request access to, rectification, restriction or erasure of their personal data. To exercise these rights, request assistance in their exercise or questions thereto, or file a complaint, they may contact the data controller, or the Data Protection Officer of the EIT MANUFACTURING. They also have the right to address themselves to the French data protection authority (CNIL) to lodge a complaint.

The controller is the EIT MANUFACTURING, and can be contacted by email at office@eitmanufacturing.eu.

The Data Protection Officer can be reached at dpo@eitmanufacturing.eu.

The French Data Protection Authority (CNIL) can be contacted at <https://www.cnil.fr/fr/contacter-la-cnil-standard-et-permanences-telephoniques>
