

Business Creation

We bring innovative European startups, SMEs and corporates in the manufacturing sector together to foster joint commercial activities. We support them to realize their unique ambitions and we invest in new businesses to fuel their growth, leading to a sustainable economic and societal impact.

We support **startups and scaleups** with:

Access to finance

Access to market

Coaching & mentoring

Expertise services

Demystification events

We support **SMEs and corporates** with:

Access to innovative technologies from across Europe

Open innovation services tailored to your challenges
