Calls Planning 2023

The EIT Manufacturing Calls planning for the year 2023 presents the list of activities that will be launched through Calls for proposals/prizes (Financial Support to Third Parties).

In the case of Calls for proposals, the start date of the activities might vary between 2023 and 2024. The planning is presented by Thematic Area.

**The indicated call opening dates and the estimated budget are tentative, and they may be subject to changes. Accordingly, the call planning may be updated.*
