

**MAKE MORE WITH BALTLED**

# WHO ARE WE?

Balt led

EIT Manufacturing is supported by the EIT,  
a body of the European Union

BaltLED – an international company, providing LED illumination solutions for signage and general lighting applications all over Europe, Japan, Australia, and other countries.

With more than 15 years of experience we have already provided signage solutions for uniform illumination for a total area equal to more than 121 football fields of different signage applications.

By applying LED and lighting control technologies in general lighting, we have already managed to save more than 996 975€ for hundreds of industrial and commercial companies.
