Survey on digital transformation in RIS
April/2020

Open Call #1
May/2020

Open Call #2
July/2020

Open Calls projects finished
Nov/2020

Digital Transformatin Roadmap development
Dec/2020

CHALLENGE

Manufacturing companies have a difficult time in making decisions about which digital solution will help them achieve their digitalization goals.
This is especially true in EIT RIS countries, where there are predominantly SMEs.

SOLUTION

DigTrafoRis contribute to enhancing the innovation capacity of RIS countries and regions and more specifically to the Digital Transformation capability of manufacturing SMEs in EIT RIS countries.

BENEFITS

Create roadmaps and implement blueprint and templates based on findings to help improve digitalization in EIT RIS countries

MAIN PROJECT RESULTS

22 MANUFACTURING COMPANIES

10 EIT RIS COUNTRIES INVOLVED

75 EMPLOYEES IN DIGITAL TRANSFORMATION PROJECTS

" thanks to EIT we were able to support 22 manufacturing companies in digital transformation projects "

JORDAN JANECZKO
Global Client Innovation - CTO
MAIN PRODUCT
Digital Transformation Roadmap in RIS countries
AIM: Contribute to enhancing the innovation capacity of EIT RIS countries and regions and more specifically to the Digital Transformation capability of manufacturing SMEs in EIT RIS countries
