

EDUCATIONAL PROJECT

Funded by EIT Manufacturing

Analysis grid

European survey

Field experiences

Implementation method

CHALLENGE

TRAIN FOR INDUSTRY 4.0

SOLUTION

TEACHING FACTORY ORIENTED ACTIVITY

BENEFITS

KNOWLEDGE TRIANGLE ACTIVATED

MAIN PROJECT RESULTS

STUDENTS

Real work experience
New skills, including soft skills

PROFESSORS

Closer to the industry
Concrete case studies
Process data set to analyse

INDUSTRIALISTS

Innovative solutions to real problems
Links with university
High skilled engineers
