CHALLENGE

- Missing link between industry and academia
- High value equipment in RTO facilities is under-utilised
- COVID-19 access limitations

SOLUTION

- Network linking industry and academia
- Method to work together
- Multiple possible modalities:
 - ✓ Collaborative remote teaching
 - ✓ Industrial challenge solving
 - ✓ Training and upskilling

BENEFITS

- Exploit expertise and share knowledge
- Share high-value infrastructure
- Scheme suitable for the post-COVID world
- Closer matching skill needs
- Multi-nation and multi-cultural communication

MAIN PROJECT RESULTS

3 PILOT ACTIVITIES
2 ACADEMIC
1 INDUSTRIAL

7 ORGANIZATIONS
2 INDUSTRIES
5 UNIVERSITIES

84 TRAINEES
FROM 6 COUNTRIES

“ Thanks to EIT we were able to create a knowledge exchange network with partners across EU ”

PROF. PANOS STAVROPOULOS
Project Manager at LMS
MAIN PRODUCT
TF KnowNet project
AIM: A Teaching Factory knowledge exchange network
